CURRENT LIST of MEDICAL LITERATURE

Vol. 13 Dec. 12, 1947 No. 19

SUBJECT GROUPS ACCORDING TO JOURNALS

* 1. Allergy
* 2. Anatomy; Histology
* 3. Anesthesiology
4. Aviation Medicine
* 5. Bacteriology; Parasitology
* 6. Biology; Embryology
7. Bone; Joint; Extremities; Muscle
8. Cancerology
9. Cardiovascular System
*10. Chemistry; Physics
*11. Dentistry; Stomatology
*12. Dermatology
13. Diagnosis; Clinical Methods
*14. Dietetics; Foods; Nutrition
*15. Digestive System
*16. Endocrinology
17. Forensic Medicine; Toxicology
18. Genetics; Eugenics
*19. Gynecology; Obstetrics
20. Hematology
*21. History; Biography; Bibliography
22. Homeopathy; Osteopathy, etc.
23. Hospitals
24. Immunology; Serology
*25. Industrial Hygiene; Sociology
26. Infectious Diseases; Epidemiology
* 27. Medicine
28. Metabolism
* 29. Military and Naval Medicine
* 30. Miscellaneous
* 31. Neurology; Psychiatry
32. Nursing
33. Ophthalmology
34. Otorhinolaryngology; Phoniatry
* 35. Pathology
* 36. Pediatrics; Child Welfare
37. Pharmacology; Pharmacy
* 38. Physiology
* 39. Psychology; Mental Hygiene
* 40. Public Health; Sanitation
41. Radiology; Phototherapy
42. Respiratory System
* 43. Surgery; Traumatology
44. Therapeutics
45. Tropical Medicine
* 46. Tuberculosis
* 47. Urology
* 48. Venereal Diseases; Sexology
49. Veterinary Medicine
50. Zoology

THE ARMY MEDICAL LIBRARY
Washington, D. C.

The CURRENT LIST OF MEDICAL LITERATURE is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., $3.00 per year ($3.75 foreign) 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents.

Published weekly by the ARMY MEDICAL LIBRARY 7th Street & Independence Av., S. W., Washington 25, D. C., as an intraservice publication of the Department of the Army. Lists all articles of medical interest contained in current journals received. Subject index provided monthly. Exchange invited.

CURRENT LIST OF MEDICAL LITERATURE
Vol. 13, No. 19 Dec. 12, 1947

1. Allergy

Ann. Allergy, 1947, 5: No. 5 (Sept.-Oct.)

HANSEL, F. K. Nethaphyl in the treatment of nasal allergy and bronchial asthma. 397-401.

BROWN, E. A., HOLDEN, E. M., & NOBILI, C. The skin-test blocking antibody response to oral pollen therapy and the criteria for its use. 402-14.

EGEBERG, R. O., & PAINTER, J. M. Oral pollen therapy: a comparative study. 415-9.

LOCKEY, S. D. Benadryl: a clinical evaluation based on 171 case studies. 420-5.

UNGER, L. Kaposi's varicelliform eruption: relation to atopic dermatitis. 426-33.

PRINCE, H. E., TATGE, E. G., & MORROW, M. B. Mold fungi in the etiology of respiratory allergic diseases; further studies with mold extracts. 434-8.

DUTTON, L. O. Mold fungi in the etiology of respiratory allergic diseases: intrinsic fungous factors in relation to asthma. 439-41.

MORROW, M. B. Mold fungi in the etiology of respiratory allergic diseases: further survey studies.

SELLERS, E. D., & MCKENZIE, E. Mold fungi in the etiology of respiratory allergic diseases; mold allergy in west Texas; clinical observations. 455-7.

COCA, A. F. The incidence of idioblaptic cigarette sensitivity. 458-66.

HARTMAN, M. M. The use of sex hormones in allergic disorders. 467-77.

EHRLICH, E. E. Light urticaria. 478-87.

GINSBURG, M. Spontaneous fracture of the first rib as a complication of status asthmaticus. 488.

SWINNY, B. Allergic dermatitis from vaginal absorption of sensitizers (floraquin and verazeptol) report of cases. 490.

DUTTON, L. O. The comparative diagnostic efficiency of the sedimentation rate and the Weltman reaction. 491.

J. Allergy, 1947, 18: No. 6 (Nov.)

DAVIDSON, A. G., BARON, B., & WALZER, M. Factors influencing reagin formation in experimental human sensitization to Ascaris lumbricoides antigen; influence of chronic infection (tuberculosis) on rate of sensitization. 359-68.

KAILIN, E. W., DAVIDSON, A. G., & WALZER, M. Factors influencing reagin formation in experimental human sensitization to Ascaris lumbricoides antigen; the influence of sex as a factor in rate of sensitization. 369-72.

KAILIN, E. W., DAVIDSON, A. G., & WALZER, M. Factors influencing reagin formation in experimental human sensitization to Ascaris lumbricoides antigen; the influence of race as a factor in rate of sensitization with further observations on the sex factor. 373-81.

WHITTEMORE, A. L., JR, & deGARA, P. F. Sulfadiazine sensitivity; an unusual case with successful passive transfer. 382-4.

FUCHS, A. M., SCHULMAN, P. M., & STRAUSS, M. B. Clinical studies with pyribenzamine (N' pyridil-N'benzyl-N-dimethylethylenediamine) in hay fever. 385-90.

COHEN, S., & WOLF, H. L. Studies of the autonomic nervous system in atopic individuals; palmar sweating in allergic patients; a cholinergic phenomenon. 391-6.

DREISBACH, R. H. Failure of benadryl and pyribenzamine in experimental skin sensitization to penicillin and horse serum. 397-401.

GOODMAN, E. G., & COONRAD, R. W. Prophylactic effect of benadryl on experimental histamine headache. 402-7.

HARRIS, M. C., & SHURE, N. Eczematoid dermatitis following ingestion of pyribenzamine hydrochloride, N.N.R. tablets. 408-12.

PETERSON, H. A fatal case of bronchial asthma complicated by mediastinal and subcutaneous emphysema. 413-6.

STERNBERG, L. Unusual side reaction of hysteria from benadryl. 417.

2. Anatomy; Histology

Anat. Rec., 1947, 99: No. 3 (Nov.)

STILWELL, E. F. The influence of temperature variation upon the occurrence of multipolar mitoses in embryonic cells grown in vitro. 227-38, incl. pl.

WASHBURN, S. L. The relation of the temporal muscle to the form of the skull. 239-48.

STEIN, K. F., QUIMBY, J., & MOELLER, A. Response of germinal epithelium to thyroid tissue or thyroxin in the ovarian capsule of the mouse. 249-64, incl. pl.

WISLOCKI, G. B., WEATHERFORD, H. L., & SINGER, M. Osteogenesis of antlers investigated by histological and histochemical methods. 265-95, incl. 5 pl.

SHANKLIN, W. M. On the origin of tumorettes in the human neurohypophysis. 297-327, incl. 5 pl.

DVOSKIN, S. Reinitiation of spermatogenesis by pellets of testosterone and its esters in hypophysectomized rats. 329-51, incl. 2 pl.

KAISER, I. H. Absence of coiled arterioles in the endometrium of menstruating New World monkeys. 353-67, incl. 2 pl.

LEWIS, M. R., & GOLAND, P. P. In vivo staining and retardation of tumors in mice. 369-78.

MORSE, A., & GREEP, R. O. Alkaline glycerophosphatase in the developing teeth of the rat: its localization and activity characteristics as influenced by pH of the substrate and length of incubation time. 379-95, incl. 2 pl.

3. Anesthesiology

Anesthesiology, 1947, 8: No. 6 (Nov.)

WHEELER, E. T., & CASSELS, W. H. Planning the operating room. 567-78.

STUTZMAN, J. W., MURPHY, Q. [et al.] Further studies on the production of cyclopropane-epinephrine tachycardia. 579-83.

FISHER, A. J., & WHITACRE, R. J. Nupercaine in dilutions greater than 1:1500 for spinal anesthesia. 584-8.

CARMICHAEL, E. B. The median lethal dose (LD_{50}) of pentothal sodium for both young and old guinea pigs and rats. 589-93.

COHEN, E. N., & KNIGHT, R. T. Hydrogen ion concentration of the spinal fluid and its relation to spinal anesthetic failures. 594-600.

ALLEN, C. R., ECHOLS, R. S. [et al.] Variations in the signs of acute oxygen-want during anesthesia. 601-14.

GRIFFITH, H. R., & MacLEOD, E. J. Ethyl-normal-propyl ether; a satisfactory general anesthetic agent for intranasal surgery. 615-8.

FINER, G. H., & ROVENSTINE, E. A. The application of a new piperidine derivative to spinal anesthesia; preliminary report. 619-24.

CARRON, H. Anaphylaxis and anesthesia; a preliminary report. 625-36.

ROCHBERG, S. Clinical observations on n-propyl methyl ether. 637-40.

KNEELAND, G. A., & LIVINGSTONE, H. M. An inexpensive and practical open box oxygen tent. 642.

WYCOFF, C. C. Manufacture of an endotracheal catheter cuff. 643.

STODSKY, B. Container for ampules. 645.

5. Bacteriology; Parasitology

J. Gen. Microb., Lond., 1947, 1: No. 3 (Sept.)

PRINGSHEIM, E. G., & ROBINOW, C. F. Observations on two very large bacteria, Caryophanon latum Peshkoff and Lineola longa (nomen provisorium) 267-78, 5 pl.

STEPHENSON, M., & ROWATT, E. The production of acetylcholine by a strain of Lactobacillus plantarum. 279-98.

HARRISON, K. The isolation of acetylcholine as a salt (hexylate) of hexanitrodiphenylamine. 296.

GALE, E. F., & MITCHELL, P. D. The assimilation of amino acids by bacteria; the action of triphenylmethane dyes on glutamic acid assimilation. 299-313.

GALE, E. F., & TAYLOR, E. S. The assimilation of amino acids by bacteria; the action of penicillin in preventing the assimilation of glutamic acid by Staphylococcus aureus. 314-26.

GALE, E. F. The assimilation of amino-acids by bacteria; the effect of protein synthesis on glutamic acid accumulation and the action thereon of sulphathiazole. 327-34.

AINSWORTH, G. C., BROWN, A. M. [et al.] A method for the large-scale production of streptomycin by surface culture. 335-43,pl.

WOODTHROPE, T. J., & IRELAND, D. M. A method for extracting and purifying streptomycin suitable for large-scale production. 344-52.

BROWN, A. M., & YOUNG, P. A. A dilution method for the assay of streptomycin. 353-60.

SINGH, B. N. Studies on soil acrasieae; the active life of species of Dictyostelium in soil and the influence thereon of soil moisture and bacterial food. 361-7.

WILSKA, A. Spray inoculation of plates in the detection of antagenistic micro-organisms. 368.

DUTHIE, E. S. The production of stable potent preparations of penicillinase. 370-7.

EVANS, D. G. The production by certain species of Clostridium of enzymes disintegrating hide powder.

MILES, E. M., & MILES, A. A. The lecithinase of Clostridium bifermentans and its relation to the α-toxin of Clostridium welchii. 385-99.

6. Biology; Embryology

Austral. J. Exp. Biol., 1947, 25: Pt. 3 (Sept.)

ROUNDTREE, P. M. Staphylococcal bacteriophages; bacteriophage absorption by staphylococci. 203-12.

BURNET, F. M., & ANDERSON, S. G. The T antigen of guinea-pig and human red cells. 213-7.

BURNET, F. M., & STONE, J. D. Desquamation of intestinal epithelium in vitro by V. cholerae filtrates; characterization of mucinase and tissue disintegrating enzymes. 219-26.

BURNET, F. M., & STONE, J. D. The receptor-destroying enzyme of V. cholerae. 227-33.

ANDERSON, S. G., & BURNET, F. M. Sporadic and minor epidemic incidence of influenza A in Victoria, 1945-46; phase behaviour of influenza A strains in relation to epidemic characteristics. 235-42.

ANDERSON, S. G. Sporadic and minor epidemic incidence of influenza A in Victoria, 1945-46; the breadth of antibody response following influenza A infection. 243-6.

LIND, P. E., & McARTHUR, N. R. The distribution of T agglutinins in human sera. 247-50.

MORELL, D. B. The application of a recent modification of the fluorometric method of determining riboflavin to some samples of Australian wheat and wheat products. 251-6.

FENNER, F. Studies in infectious ectromelia of mice; immunization of mice against ectromelia with living vaccinia virus. 257-74.

FENNER, F. Studies in infectious ectromelia in mice; natural transmission; the portal of entry of the virus. 275-82.

BEST, R. J. Further studies on the physical states assumed by tobacco mosaic virus in vitro. 283-90.

TRETHEWIE, E. R. Ischaemia, anoxaemia and shock. 291-305.

TRETHEWIE, E. R. A comparison of ability to work with low (2·7-2·8 in.) and high (3·2-3·3 in.) resistance respirator containers. 307-17.

Proc. Soc. Exp. Biol., N. Y., 1947, 66: No. 1 (Oct.)

BOGER, W. P., & BAKER, R. M. A comparison of effect of caronamide and benzoic acid on penicillin plasma concentrations. 1-4.

LAZAROW, A. Further studies of effect of sulphur compounds on production of diabetes with alloxan. 4-7.

TOTTER, J. R., SIMS, E., & DAY, P. L. The relation of pteroylglutamic acid to metal-porphyrin enzymes. 7-9.

BASS, C. C. Habitat of Endameba buccalis in lesions of periodontoclasia. 9-12.

MAYHEW, R. L. Creeping eruption caused by the larvae of the cattle hookworm bunostomm phlebotomum. 12-4.

FISHER, I., & GLICK, D. Histochemistry localization of alkaline phosphatase in normal and pathological human skin. 14-8.

STANLEY, A. J., HOPPS, H. C., & SHIDELER, A. M. Cobalt polycythemia relative effects of oral and subcutaneous administration of cobaltous chloride. 19.

SVEC, F. A., & FORSTER, G. F. Inhibition of the Hirst haemagglutination reaction by pneumococcal extract, normal serums, and blood cell esterases. 20-3.

PERLMAN, P. L., & LEONARD, S. L. Ovarian cholesterol levels during the reproductive cycle of the rat. 24.

STOERK, H. C., JOHN, H. M., & EISEN, H. N. Turnover of serum protein in adrenalectomized rats. 25-8

GILDA, J. E., & KEYES, P. H. Increased dental caries activity in the Syrian hamster following desalivation. 28-32.

MANN, F. D., HURN, M., & MAGATH, T. B. Observations on the conversion of prothrombin to thrombin. 33-5.

RUBIN, M., GROSCHKE, A. C., & BIRD, H. R. Chick growth factor in cow manure: effect on hatchability and storage in hens. 36-8.

DAVIS, M. E., & FUGO, N. W. A simplified method for the quantitative determinations on free pregnanediol excretion in pregnancy. 39-42.

WYCHOFF, R. W. G. Symmetrical patterns of bacteriophage production. 42-4.

SCHWEINBURG, F., FRANK, E. [et al.] Gaseous distention in the obstructed small intestine of cats. 45.

STENSTROM, K. W., & MARVIN, J. F. Urinary excretion of radioactive iodine, I^{131}, in a case of severe hyperthyroidism. 47-9.

OPPENHEIMER, J. M. The development of Fundulus heteroclitus embryos in solutions of metrazol. 49.

CHANG, M. C. Effects of testis hyaluronidase and seminal fluids on the fertilizing capacity of rabbit spermatozoa. 51-4.

HOLDEN, M., SEEGAL, B. C., & BAER, H. Range of antibiotic activity of protoanemonin. 54-60.

GRANT, W. C. Determination of O_2 capacity on 39.3 cubic millimeters of blood. 60-2.

BERGER, E. Y., FARBER, S. J., & EARLE, D. P. JR. Renal excretion of mannitor. 62-6.

ANDERSON, E. P., SMITH, J. K. [et al.] Dental caries in the cotton rat; effect of milk rations. 67-9.

NICHOL, C. A., & MICHAELIS, M. Nicotinic acid in Pseudomonas fluorescens. 70-3.

GOTTSHALL, R. Y., & MITCHELL, A. B. Effect of age in guinea pig on local passive sensitization and skin reactions toward histamine. 73-6.

DAVIS, D. J. Susceptibility of the English sparrow (Passer domesticus) to infection with psittacosis virus of pigeon origin. 77-9.

PAGE, E. W. Tyrosine tolerance test in pregnancy and the puerperium. 79-82.

HEYMANN, W. Further studies on renal hyperlipemia. 82-6.

OLSEN, N. S., & KLEIN, J. R. Hyperglycemia induced by certain insulin preparations. 86-8.

MAGILL, T. P., & SUGG, J. Y. Physical-chemical factors in agglutination of sheep erythrocytes by influenza virus. 89-92.

WENNER, H. A., & TANNER, W. A. Widespread distribution of poliomyelitis in households attacked by the disease. 92-4.

DIAZ-GUERRERO, R., THOMSON, J. D., & HINES, H. M. Effect of hypothyroidism and hyperthyroidism on mammalian skeletal muscle. 95.

DIENES, L. Further observations on the reproduction of bacilli from large bodies in Proteus cultures. 97.

GINSBERG, H. S., GOEBEL, W. F., & HORSFALL, F. L., JR. Inhibition of mumps virus multiplication by a polysccharide. 99.

ESPANA, G., & HAMMON, W. M. An improved benzene extracted complement fixing antigen for certain neurotropic viruses. 101.

FABER, H. K., SILVERBERG, R. J., & DOUG. L. Excretion of poliomyelitis virus. 103.

BONDY, P. K., & ENGEL, F. L. Prolonged survival of adrenalectomized-nephrectomized rats on a low potassium diet. 104-7.

NOLASCO, J. B., & KOHRMAN, R. Attempts to produce acute cardiac failure by posterior pituitary extracts. 108-12.

MEYER, R. K., KOSMO, L. S., & McSHAN, W. H. Effect of estrogens on early development of frog embryos. 112.

HAMMON, W. M., & ESPANA, C. A simple method of producing control guinea pig immune sera for use with complement fixing antigens for the arthropod-borne virus encephalitides. 113-5.

LEVINE, M. S., & McCARTHY, J. T. A suitable current stabilizer for the Tiselius apparatus. 115.

BRINKHOUS, K. M. Clotting defect in hemophilia; deficiency in a plasma factor required for platelet utilization. 117-20.

KIRBY, W. M. M., & DUBOS, R. J. Effect of penicillin on the tubercle bacillus in vitro. 120-3.

DUCA, C. J., & SCUDI, J. V. Some antibacterial properties of mandelamine (methenamine mandelate). 123-6.

WILSON, S. J. Differences during dicoumarol therapy in the Quick and Russell viper venom methods for prothrombin determination. 126-8.

WEINBERG, S. J. Electrocardiogram-electroencephalogram relations in cardiac arrhythmias. 128-30.

AIRD, R. B., & PFAFFMANN, C. Pressure stimulation of peripheral nerves. 130-2.

MURRAY, R., WILCOX, C., & FINLAND, M. Persistence of streptomycin resistance during subcultures in streptomycin free media. 133-7.

AXELROD, A. E., CARTER, B. B. [et al.] Circulating antibodies in vitamin-deficiency states; pyridoxin, riboflavin, and pantothenic acid deficiencies. 137-40.

EATON, M. D., VAN ALLEN, A., & WIENER, A. Action of acridines on agents of the psittacosis-lymphogranuloma group. 141-6.

HOTTLE, G. A., & SHEPARD, C. C. Effect of egg yolk on release of antigen from rickettsiae. 146-8.

CORCORAN, A. C., & PAGE, I. H. Renal hemodynamic effects of adrenaline and isuprel; potentiation of effects of both drugs by tetraethyl-ammonium. 148-51.

DE VLEESCHHOUWER, G. R. Pharmacology of dibenzyl-β-chloroethylamine hydrochloride (dibenamine). 151.

RACHMILEWITZ, M., ROSIN, A., & DOLJANSKI, L. Mitoses in the livers of rats treated with thiourea. 153.

HILSABECK, J. R., & HILL, F. C. Role of the vagus nerve in experimental cinchophen-ulcer. 155.

STEINBERG, M. E., & BRUNKOW, M. de V. Effect of double jejunal lumen gastrojejunal anastomosis upon production of ulcers by histamine. 157.

LAW, L. W. Effect of urethanine on a transplantable acute lymphoid leukemia. 158-61.

POMMERENKE, W. T., & VIERGIVER, E. Comparison of rates of penetration of unwashed and washed spermatozoa in cervical mucus. 161-3.

GOMORI, G., & GOLDNER, M. G. Uneven distribution of glycogen in the liver. 163.

TAYLOR, A., CARMICHAEL, N., & NORRIS T. Temperature level and the growth of embryo and tumor of tumor-bearing eggs. 165.

KIRCHHEIMER, W. F., & WEISER, R. S. The tuberculin reaction; passive transfer of tuberculin sensitivity with cells of tuberculous guinea pigs. 166-70.

RAGAN, C., DONLAN, C. P. [et al.] Effects of X-ray irradiation on viscosity of synovial fluid. 170-2.

HAHN, P. F., SHEPPARD, C. W., & CAROTHERS, E. L. Lack of effect of secondary liver extract (No. 55) on absorption of radioactive iron. 173-5.

KUN, E., & HORVATH, I. The influence of oral caccharin on blood sugar. 175-5.

JAQUES, L. B., & LEPP, E. Action of sodium salicylate on prothrombin time in rabbits. 178-81.

MARCUS, S. Quantitative aspects of the inhibition of anaphylactic shock in guinea pigs. 181-4.

FRANCIS, R. D., MILZER, A., & GORDON, F. B. Immunization of mice against viruses of the psittacosis group with ultraviolet-inactivated vaccines. 184-6.

KUBICZ, J. Techniques for rickettsial and virus cultivation. 186.

LIPPMAN, R. W. Blood, plasma, and drawn blood volumes in the rat. 188-91.

CROXATTO, H., & CROXATTO, R. Effect of chloroform on the antitryptic activity of blood plasma. 191.

STANTON, J. R., & FREIS, E. D. The serum uric acid concentration in essential hypertension. 193.

KUNKEL, H. G. Estimation of alterations of serum gamma globulin by a turbidimetric technique. 217-24.

OTT, W. H. Antipyridoxine activity of methoxypyridoxine in the chick. 215.

WIESE, C. E., DEUEL, H. J., JR, & MEHL, J. W. Thiouracil and conversion of carotene to vitamin A measured by liver storage in the rat. 213.

GORBMAN, A. Effects of radiotoxic dosages of of I^{131} upon thyroid and contiguous tissues in mice. 212.

HENLE, G., & McDOUGALL, C. L. Mumps meningo-encephalitis; isolation in chick embryos of virus from spinal fluid of a patient. 209-11.

FARKAS, H. Tissue toxicity of the germicides iodine and bromine. 207-9.

GARDNER, G. M., & WEISER, R. S. A bacteriophage for Mycobacterium smegmatis. 205.

KRUEGER, A. P., COHN, T., & NOBLE, N. Effect of penicillin on the reaction between phage and staphylococci. 204.

KANE, L. W., & FOLEY, G. E. Effect of oral streptomycin on the intestinal flora. 201-3.

KUN, E. Effect of meningoccal endotoxin on histamine content of blood and tissues of rabbits. 197-201.

MATTHEWS, V. S., KIRKMAN, H., & BACON, R. L. Kidney damage in the golden hamster following chronic administration of diethylstilbestrol and sesame oil. 195.

DECKER, A., & McGINNIS, J. Black pigmentation in feathers of buff Orpington chicks caused by vitamin D deficiency. 224-6.

LAW, L. W., & SPEIRS, R. Response of spontaneous lymphoid leukemias in mice to injection of adrenal cortical extracts. 226-30.

EDWARDS, P. R., MORAN, A. B., & BRUNER, D. W. Intertransformability of Salmonella simsbury and Salmonella senftenberg. 230-2.

NISS, H. F., & WILSON, P. W. Hemoprotein from root nodules and nitrogen fixation by Rhizobium. 233-5.

FEINER, M., KRICHESKY, B., & GLASS, S. J. Effect of induced liver cirrhosis on the reproductive system of the male rat. 235-9.

BING, R. J., VANDAM, L. D. [et al.] Catheterization of the coronary sinus and the middle cardiac vein in man. 239.

YOUMANS, W. B., & RANKIN, V. M. Effects of dibenamine on cardiovascular actions of epinephrine, acetylcholine, pitressin and angiotonin in unanesthetized dogs. 241-4.

INGLE, D. J., & HOGG, J. A. Diabetogenic effect of two synthetic estrogens in force-fed, alloxan-diabetic rats. 244-7.

SUSSMAN, R. M., & SCHACK, J. A. BAL inhibition of mercurial diuresis in congestive heart failure. 247.

SULKIN, S. E., & IZUMI, E. M. Isolation of western equine encephalomyelitis virus from tropical fowl mites, Liponyssus bursa (Berlese) 249.

HANDLER, P., & KAMIN, H. Indoleacetic acid and growth of bacteria with varying requirements for nicotinic acid and tryptophane. 251-4.

OLIVER-GONZÁLEZ, J., & HEWITT, R. I. Treatment of experimental intestinal trichinosis with 1-diethylcarbamyl-4-methylpiperazine hydrochloride (hetrazan). 254.

WYNGAARDEN, J. B., WOODS, L. A., & SEEVERS, M. H. Plasma levels and urinary excretion of injected myanesin in dogs. 256-60.

VAN LIERE, E. J., NORTHUP, D. W., & STICKNEY, J. C. The null effect of hemorrhage on intestinal absorption of chloride in the presence of sulfate. 260-2.

BOWMAN, D. E. Influence of iodinated trypsin on blood coagulation. 262-4.

SLOAN, J. Q., BAIN, G. P., & BRUCER, M. Depth of penetration of nubulized substances in the respiratory tree. 264-7.

WEIR, D. R., & HEINLE, R. W. Effect of urethane on transplanted leukemia of Ak mice. 268-70.

BAILEY, C. C., LeCOMPTE, P. M. [et al.] Aloxan diabetes in hypophysectomized rats. 271-4.
